FEATURES

Multi-function item, particularly strong and with various adjustments, suitable for use on different types of machines.

Based on the purpose for which it is installed, it allows to operate the "Stop - Start" system, for the simple stopping and-or starting routine, or the "emergency" system for unexpected dangerous situation.

Available with single microswitch, code **PBS 01/...** (assembled on the Left box and, if necessary, shifted on the Right) or with double microswitch, code **PBS 02/...**

Item designed to be mounted near the ground for being operated with feet (typical emergency function), or in raised position.

Equipped with adjustment of microswitch action.

1. Adjustable angular anchorage stirrups - in pressed steel
2. Main boxes, equipped with one safety microswitch - n. 2 NC contacts
3. Spiral springs for the bar recall in resting position
4. Connection bar - in tubular stainless steel
5. Clamps for adjustment of manoeuvre bar
6. Manoeuvre bar - in tubular aluminium

Solid and versatile device, to be used as Stop - Start - Emergency system. Operated with arms or feet.
Also customized on request.
