# PST 01

### PRODUCT SHEET

Last update:  
09/05/2023

#### FEATURES

Protects the operator from direct contact with alternate moving parts of the vertical slide and from the projection of shavings.  
Thanks to its reversibility it is attachable on the right or left flank of the base, in addition with the high or low support group. Equipped with a completely transparent monolithic shield. Complete with safety microswitch.  
-Note: specify the mounting side by adding the suffix: /DX = Right - /SX = Left. Complete with double safety microswitch.

1. Levelling anchorage stirrup - in tubular steel
2. Depth-adjustable safety guard support
3. Safety microswitch main box - 180° rotation - n. 2 NC contacts
4. Adjustable shield-arm fixing clamps - in pressed steel
5. Vertical shield support arm - in tubular stainless steel
6. Semi-hexagonal monolithic shield - in thick plastic shockproof and oil-resistant material

Item characterized by the vertical reversibility of the support system, for an easy installation on the most different machines. Available in two dimensions.

Our protections comply with the machinery directive 2006/43/CE
