

» **LATHE GUARDS**

PTO 19

PRODUCT SHEET

Last update:
09/07/2026

Single-arm tilting guard for small lathes, designed to protect the operator during machining operations from contact with rotating parts of/from the self-centering chuck and from the projection of chips and coolant.

It can be mounted on the front of the carriage. The shield can be fully adjusted to the optimal operating position and, thanks to its design, provides a clear view of the workpiece even from above.

CODICE	A	B	C	KG
PTO 19/235	200	350	286	
PTO 19/340	300	400	286	

Our protections comply with the machinery directive 2006/42/CE
